

St. Patrick Word Search

St. Patrick is the patron saint of Ireland. Interestingly, St. Patrick was not an Irish man. It is believed that he was born in England. St. Patrick was a missionary of the Catholic church. He believed God was calling him to go to the Irish people and convert them to the Christian faith. At the time of St. Patrick, the Irish people were still living in the Iron Age. St. Patrick went among the Irish people for thirty or forty years. It has been recorded that he used the shamrock as an example of the trinity. March 17 marks the date of his death. Many Irish people today attend church services and parades on St. Patrick's Day in honour of their patron saint.
